

FOREWORD

We take pleasure in releasing this Spare Parts Catalogue for Bullet Electra EFI (E5) and Bullet EFI (G5).

This Catalogue has been specially designed for identification of the correct part number for the above models.

Royal Enfield spares are manufactured under stringent quality control measures for maximum performance and riding safety. It is therefore important to use only Royal Enfield Genuine Spares.

Due to continuous improvements being carried out, it is possible some illustration, designs etc., found within this catalogue may differ from those found on the vehicle, since this catalogue was printed.

Such modifications, will be conveyed through Technical Service Bulletins. You are requested to update this catalogue, whenever the service bulletins are received.

1 KEY NUMBER (KEY No.)

The numeric key number is provided to serve as the identification of the part with its part number.

Serviceable assemblies or kits in a particular group are identified by alpha-numeric key numbers. e.g. A1, A2, etc. in such cases, key number of individual items or group number which make up such assembly / kit are given in illustration.

2. PART NUMBER

The Part number of the individual item, kit OR the assembly is given in this column for unique identification. The parts for which part number is not mentioned, are not individually serviced.

3. DESCRIPTION

The description of the part assigned to the individual item / kit / assembly is mentioned in this column.

4. QUANTITY

The number of individual items, kits or assemblies required for one vehicle is mentioned here.

Though quantity is indicated for oversize (O/S) or undersize (U/S) of some items, it is to be understood that for a vehicle the sizes only is applicable, depending upon the repair / matching requirements.

5. ELECTRA EFI

The model applicability of the particular part is shown here.

6. REMARKS

For Reference / future updation purpose.
